So many ‘isms’
So many gods**

Can there really be just one?

• “ . . . makes irrefutable sense.” — *Orthodox Hindu, Bio-Chemistry graduate scholar, University of Maryland, USA*

• “ . . . taught me a lot. Might be the truth.” — *Muslim, Final year medical student, Dar-es-salaam, Tanzania*

• “ . . . step by step logical deduction. Unbiased approach.” — *Christian, NC, USA*

• “ . . . I can see what you're saying. Convincing, impressive!” — *Buddhist-Muslim-Christian background, Real estate agent, MD, USA*

**India - largest Hindu population in the world • second largest Muslim population in the world • where Buddhism was born and nurtured • where Christianity was brought by Jesus' own disciple • home of Sikhism and Jainism*
